G Crumpton & Sons & Co Pty Ltd and Crumpton Interstate Pty Ltd are Australian family-owned and operated businesses. We are situated near Kingaroy, the peanut capital of Australia, we grow and process peanuts.

We sell raw, roasted and blanched peanuts. Our peanuts are stored in cold storage facilities under controlled conditions enabling us to supply both the Australian and overseas market all year round. Our farms are some of the most productive in the Kingaroy area due to our crop rotation cycles and the rich, red volcanic soil which is mostly suited to growing peanuts.

We operate a modern and efficient peanut processing facility and are HACCP Certified.
